

Lecture No. 49

Dated: . **September 8, 2018** .

. **Before & After James White** .

What exactly happened after James died?

Here is what we know:

No. 1.) There exists a beautiful harmony between the authentic Spirit of Prophecy and the KJV Bible. (sopvindicated.org)

No. 2.) Virtually all objections to the veracity of the Spirit of Prophecy are founded in the counterfeit SOP. (sopvindicated.org)

No. 3.) God said in 1871 that he would remove the authentic Spirit of Prophecy away from the people because of their rebellion, but he never said *how* that would be done; this work, the creation of the counterfeit SOP, actually began in that year, 1871, with the re-publication of the Testimonies, 1-11, in one volume.

No. 4.) Enter, the message to the Laodiceans “at the present time,” 1873, (TNo.23p.3); and SDAs uniformly believe: a.) that they are rich in spiritual discernment (TNo.23p.12); b.) increased with goods (books, TNo.13p.13) which are the books of the Spirit of Prophecy, and they believe that those books contain an answer to every question ever asked,

all they have to do is find it; never mind that they have never read them all, even once; c.) they have no time to examine, even once, the humble path laid out by the true pioneers, God's appointed way for the source of this important instruction to get to the City, by the light of the Midnight Cry, they believe they should have nothing to do with it, because those pioneers were the very ones who made so many mistakes. (Massive Personal Experience)

No. 5.) At the death of James, Willie took full control of all things Spirit of Prophecy; he, his wife, Mary, and Marian Davis, immediately began the creation of the counterfeit SOP by re-writing everything previously published. (*The Lonely Years*, p.217-219)

No. 6.) Satan now, in these last days, has one-hundred times greater power to deceive than when he deceived the angels in Heaven. (TNo.23p.103) Humans now, in these last days, are far more susceptible to Satan's devices, (No.7, page 52, bottom, Original edition; page 83, center of the page, SG edition) and almost wholly ignorant of his work. (No.8, page 49, Original edition; page 101, center of the page, SG edition) How do conditions such as this color the future as we look into it? Doubtless we will be reminded of the words of Christ, "Nevertheless when the Son of man cometh, shall he find faith on the earth?"

No. 7.) Just to re-cap: we have learned that there is a beautiful

harmony between the authentic Spirit of Prophecy and God's word, as found in the KJV Bible. God said in 1871 that the authentic Spirit of Prophecy would be removed from a rebellious people, and that was when the counterfeit was started, and the various charges against the same. Then in 1873 the message to the Laodiceans was applied to God's church, but there is no evidence it was accepted. In 1881 James died and Willie took control, immediately re-writing everything that had been previously published. Satan's devices have been greatly exercised upon God people, and they, generally, do not resist him. It appears that there will be little faith left alive on earth at Christ's appearing.

Write me, let me know what you think about this.

And that is...
